

## New Product Capability Announcement

**ShawFlex is now capable of manufacturing cables with up to 4/0 conductors. The acquisition of a new cabler has expanded our product offering into markets we were previously unable to serve.**

### **Certifications:**

- CSA Tray Cable, C22.2, No. 230
- CSA Teck Cable, C22.2, No. 131
- UL Tray Cable, UL 1277
- UL Metal Clad Cable UL 1569
- IEEE 45 Marine Cable

For information on custom colour, size and length options contact your ShawFlex customer service representative at 800 668 4842.
